The Mindtree Advantage

1

Consulting and Advisory Services

We work with you to refine product and platform strategy, select appropriate technology solutions, and create a roadmap for effective execution.

2

Development, Implementation and Integration Support Services

We provide smooth and risk-free development, implementation, integration and support services across Mobile, Web, wearables, IoT, credit/prepaid products, digital wallet, mobile check deposit and ID. We make use of Agile and DevOps development and delivery frameworks and tools.

3

Quality Assurance

We help identify the right testing strategy; plan, develop and execute test cases and scripts; automate testing and carry out performance testing.

4

Mindtree Kalinga Training and Development Center

The training and development center at Kalinga, Bhubaneswar fosters continuous learning. Crafted class room courses enable our professionals to hone their expertise in emerging technologies and expose them to live examples and case studies.

Mindtree IPS, Frameworks and Accelerators

Credit Processing Solution
