![Mindtree - Welcome to possible]

ManageMind People Counter

Mindtree's ManageMind People Counter Video Analytics Software can track the bi-directional flow of people as they pass through a user-defined line. The application is especially designed for entry and exits and produces high-level accuracy, even under varying environmental and lighting conditions.
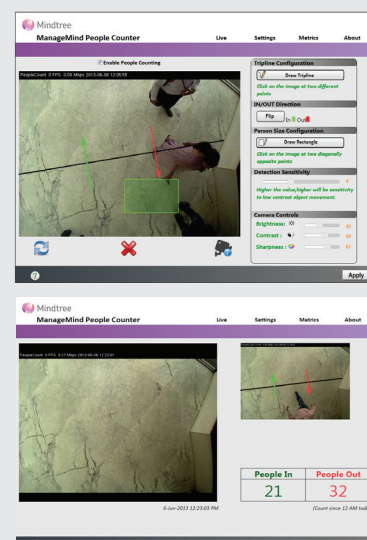

Key features:
- Fully embedded on AxisR camera
- Real-time operation
- Bi- directional people counting
- Web server interface
- In-built detailed time-based reporting
- Table and chart-based report representation
- Simple setup and calibration
- High-level accuracy under varying environmental conditions

Product availability:
The ManageMind People Counter is available at the edge in Axis cameras and also as a standalone.
