Mindtree
Welcome to possible

# Maximize technology efficiency. Minimize your costs.

Who we are

Mindtree is a global information technology solutions company with revenues of over USD 400 million. Our 11,000 experts engineer meaningful technology solutions to help businesses and societies flourish. Mindtree's consulting-driven approach makes us a strategic partner to over 40 Fortune 500 enterprises. Our domain expertise, technical excellence and unique culture help businesses thrive.

Whether you have a complex heterogeneous enterprise infrastructure or a simple environment, Mindtree Minds are best positioned to assist your business with everything from implementation to optimization and much more. Our infrastructure teams are on hand to help you plan for your future while working to reduce operational costs. Our values – collaborative spirit, unrelenting dedication and expert thinking help us see possibilities where others see a full stop.

We help create dynamic infrastructure that are efficient, scalable, reliable and extremely flexible. From the datacenter to the desktop, our services are designed to help you unleash new levels of performance, at lower cost.
