

Spring edition

Spring is not only a season, but also a verb - to move forward rapidly. The focus of our Spring newsletter is to spotlight innovative technology-based solutions that accelerate business growth. In this issue, read about how clients and partners work with Mindtree to successfully tackle challenging projects using agile, omni-channel, digital and right sourcing. Find out how our expertise can create new possibilities for your business to spring forward.

COVER STORY

CLIENT SPEAK

Microsoft executives share their views on how Mindtree is taking the customer relationship to a new level.

Mark Myers
Senior Director, Microsoft

The level of detail for the project and the support is just fantastic. High quality and high level of interactions are the trademark of Mindtree Minds. One of the greatest quality which I appreciate is their ability to take the complete ownership of the project and executing it as if they are the co-owner.

ALSO HAPPENING

Is retail dead? - Mindtree presents a webinar with retail futurist, Doug Stephens

Everything we know about the retail is going to change. The retailers that fail to adapt in this new environment, are doomed to fail. Sometimes mistakes will be made, but they can be learned from, and the payoff is immense - there is a huge correlation between brands that go first into new territory and their long-term success.

Four essential traits for outsourced agile software

A desire for software developers to work in closer proximity to business stakeholders has led many U.S.-based companies to consider relocating development resources they once sent offshore back to America or to the Latin American nearshore. What's behind this desire?
