

Welcome to Possible

Adobe partners push boundaries of customer experience, personalization

“We understand enterprise systems, understand enterprise data and enterprise engineering really well, because day in and day out that’s our bread and butter,” says [Suman Nambiar](#), the head of strategy, partners and offerings at Mindtree Digital.

Introduction

Brendan Kavaney
Head of Field Marketing

As we roll into spring, Mindtree has some great stories to share. Fresh off our visit to the Adobe Summit conference, we are excited to have our partner strategy covered in ChannelFutures.com. This month you can read about configuring chatbots or becoming an Agile scrum master. Also check out the report from ISG on “Digital Business Transformation.” And one last thing, we’ve expanded our presence in Silicon Valley with our new Reimagination Center!

Deep Thoughts

Better chatbots thru AI and natural language

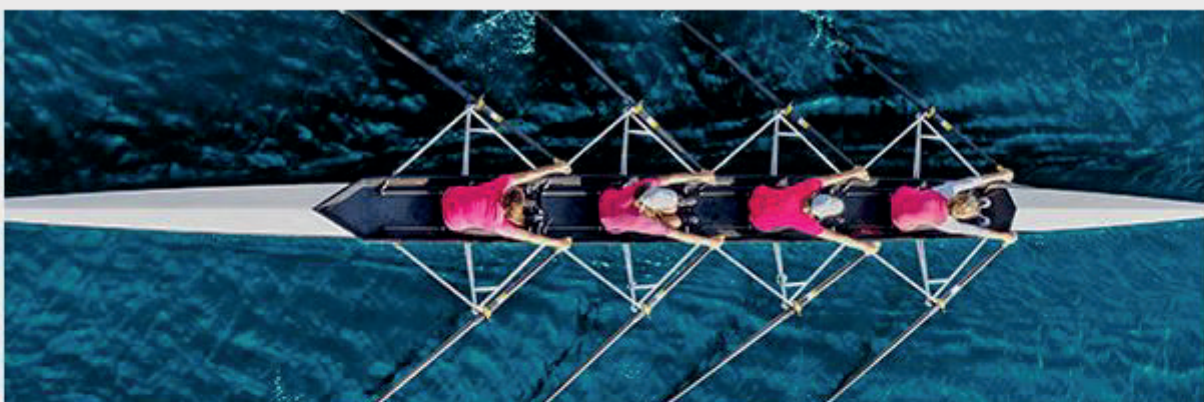

[Anshuman Singh](#), head of Digital for Mindtree Europe helps Information Age explore the importance of AI and natural language in developing chatbots.
