From the editor's desk

Change is in the air as we enter the final quarter of the year. Look at how digital transformation is changing media, healthcare, IoT, security and more in this month's newsletter. Mindtree also continues to grow and adapt to change. We are excited by that and appreciative to work closely with our clients building solutions together. Read on to catch up on what we've been up to.

Brendan Kavaney, Head of Field Marketing

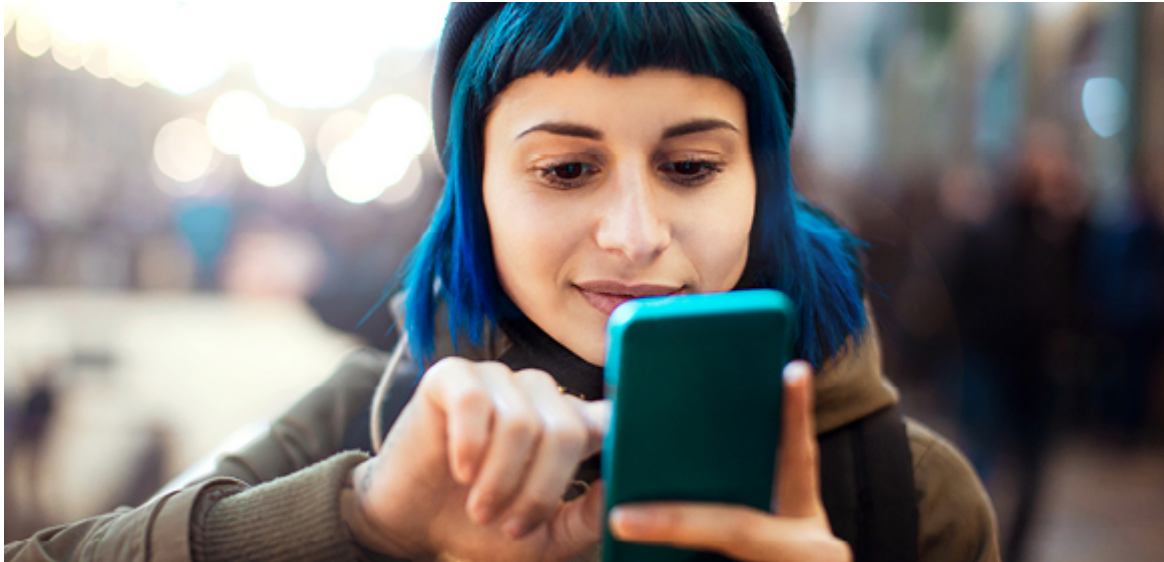

Editor's Pick

Mindtree reports strong all-round performance in Q2 FY22. Revenues up 12.7% sequentially; YoY revenue growth highest for a quarter in a decade.

"We are pleased to report yet another outstanding quarter of all-round performance," said Debashis Chatterjee, Chief Executive Officer and Managing Director, Mindtree. "Our revenues in the second quarter were \$350.1 million, up 12.7% sequentially and 34.1% year-over-year, which was our highest YoY growth for a quarter in a decade. We maintained an EBITDA margin of 20.5% while making aggressive investments in further expanding our domain, digital and leadership capabilities, geographic footprint, and hyperscaler partnerships.

Mindtree Musings

Avasant-Mindtree Digital Forum: The new age of media—driving the digital experience

The early days of digital media and entertainment have proven to be a successful experiment, but there is still much to do. The next generation will require new technologies for delivery, along with a hyper-personalized experience. We brought together entertainment leaders in this moderated discussion around major issues including 5G, AI, and the cloud-driven direct-to-consumer media revolution.
