## Notes to audited standalone financial results for the quarter ended June 30, 2017

- The above results were reviewed by the Audit Committee and thereafter have been adopted by the Board at its meeting held on July 19, 2017.
- During the quarter, the National Company Law Tribunal (NCLT) has approved the Composite Scheme of Amalgamation ("the Scheme") of Discoverure Solutions L.L.C. and Relational Solutions Inc., wholly owned subsidiaries of the Company (together "the Transferor Companies"), with the Company with an appointed date of April 1, 2015. The Company has given effect to the scheme during the quarter and the merger has been accounted under the 'pooling of interests' method based on the carrying value of the assets and liabilities of the Transferor Companies as included in the consolidated Balance Sheet of the Company as at the beginning of April 1, 2015. Since the approved Scheme results in a common control transaction, considering the requirements of Ind AS 103 – Business Combinations, the accounting for the Scheme has been given effect retrospectively by the Company. Accordingly, the results for the corresponding periods in 2016-17 and year ended March 31, 2017 have been restated to give effect to the Scheme. The audited standalone financial results for the comparative periods as previously published are as follows:

The record date for the buyback is July 11, 2017.
